

In connection with the question received to the following request for proposal:

No. 57/2020–IPF/YKL-40

Deliveries of cytokines for 12 months from the date of signing the agreement.

we provide answer to question that has arisen up to 09/10/2020 15:00 (CET).

Question concerning the object of the tender:

Question: In the Request for proposal no. 57/2020 - IPF / YKL-40 announced by you, regarding the successive deliveries of cytokines, it was stated that the cytokines will be ordered in the amount of 10 packages for a period of 12 months. We ask for information in which tranches we can expect orders - one package of each cytokine in one delivery? Or maybe more packages of individual cytokines in one delivery? This information is crucial for making a valuation.

Answer: The Ordering Party informs that the orders are planned to be fulfilled not more than once a month (max 3 cytokines x 1 pc.). The first order will contain all cytokines indicated in the inquiry. The Ordering Party is not able to indicate the exact quantity of ordered cytokines, as it depends on the success / results of the conducted research.

The above-mentioned response to the Request for proposal no. 57/2020 – IPF / YKL-40 will be posted on the website <https://oncoarendi.com/pl/> and in the Competitiveness Database.

The deadline for submitting offers for the procedure No. 57/2020 – IPF / YKL-40 remains unchanged, ie until 13/10/2020.
